

Visit eight outstanding Framingham sites, an eclectic mix of historic and 20th century homes and gardens spreading from the rural Northwest to the heart of downtown. Featured among these sites is the John Trowbridge house. The rambling farm house dating to the 1780s was once part of the 1,000 acre Bowditch estate which included the Owl's Nest (on past tour) and the Sudbury Valley School. Other sites include a more modern estate with a Tuscan flair, a turreted Victorian, an historic Saxonville church, and a fanciful home that truly reflects its artistic owner, inside and out!

Included: **Tea Party** at Edwards Church
